SAPS?

The Generalitat is setting up SAPS?, a free on-line training service open to all. The aim of SAPS is to train people in concepts that could be useful to them and give them such a rich experience that they will want to learn more. SAPS claims to offer “capsules” of practical knowledge.

The SAPS training is not regulated, nor is it binding, its value lies in its usefulness and the practicality of the courses. On the SAPS website, <http://www.saps.gva.es/>, anyone interested will find information about courses available and how to access them. The [educational offer](#) will be developed according to demand by the people, so it is recommended to keep checking the different areas of interest.

EXERCISE CLASSES FOR OLDER PEOPLE

Once again we have the opportunity to take advantage of a grant offered by the Diputación de Alicante to set up the programme for exercise classes for older people. This year, because of the current economic climate, they are going to be very strict with the conditions of the programme, which are:

1. The age of the students has to be more than 65.
2. The maximum number of students is 25 and the minimum is 15.
3. All students must fill in a health questionnaire and, where relevant, must provide a doctor's report giving them permission to do physical exercise.

Anyone interested in this free course should attend the meeting in the centro cultural on Wednesday 9th February at 11.30am.
