

BENIARBEIG

Nº 125 (Second Season)

OCTOBER 2017

PUBLIC SCHOOL BENICADIM

More than half a thousand people attended the open day that had been called on Sunday at CEIP Benicadim. The ceremony began with the blessing of the building by local priests and the subsequent display of a commemorative plaque by the mayor, Vicente Cebolla.

The inaugural parliaments were followed by María Pilar Teruel, the President of the AMPA, who was very positive in front of the new facilities and also wanted to make a public gratefulness to all families that support the association, as well as the predecessor President, Núria Pérez, for all the work of recent years. Then, Vicente Molines, Director of the center, took the lectern. Molines explained that "the new school brings us two feelings, joy and enthusiasm, which are indispensable to continue with the commitment to continue carrying out this educational project".

The last turn of the parliaments was made by the Mayor, with a speech highlighting the importance of the people of Beniarbeig finally having an educational center suitable for the needs of the people. Mr. Cebolla also wanted to emphasize the importance of education for the construction of a free and peaceful society, and curiously, the countries socially more advanced are those that have high quality educational systems.

Once the parliaments had been completed, all the attendees were able to visit the premises; the children's classrooms with their private patios, the spacious music classrooms, multipurpose classrooms, the library, the computer room, the gym with galoshes, the ratchet, the dining room with outside terrace and the complete kitchen. To finish the act, the City Council of Beniarbeig invited all those present to a wine of honor in the same School Ground.

VOLEI

After a season of success, with the first position in the regional league and the arrival to the final phase of the Provincial Championship, the volleyball team of the Municipal Sports Schools returns with enthusiasm to face the 2017-18 season. In addition, this year they want to make two teams, one of the fry category formed by boys and girls and one of children's category. Schedules of training, will continue to be Monday and Wednesday from 17:30 to 18:30 h. in the municipal pavilion.

For those who are interested in registering, you can do it in the city council, but also, if someone wants to acquire knowledge about this sport and the team first, you can approach some of the training and try it without any compromise.

The Valencia Town Hall Square was the epicenter of the "XXVI Día de la Pilota Valenciana" organized by the Valencia Ball Federation. Exhibitions of all the modalities of Pelota filled the center of the Cap and Casal, among them, the match to International Game that faced (Mar, Victoria, Marta, Joana and Nerea in front of Amparo, Ana Puertes, Ana Sanchis and Fanni of Beniarbeig). The other part of the day was the awards of the regional prizes to coaches, players, schools, media, etc. In this case, Beniarbeig was also very present, since there were nine awards that the Ball School Beniarbeig- El Verger received; 4 gold awards (scale and rope, long, raspall and one wall alevines), 2 silver (infant long and galotxa alevín) and 3 bronze (pediment alevín, raspall infantil and long alevin B).

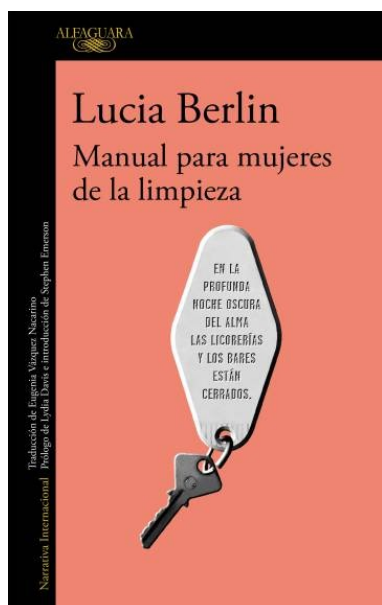

As it could not be otherwise, the satisfaction of the responsible of the school is maximum, a recognition that is an injection of energy and enthusiasm with which to begin this season.

On the other hand, and as it was published in the previous BIM, last July, the pilotaire Fanni Mas won two golds in the III Eurojove celebrated in Tavernes Blanques (València Nord). The beniarbegin achieved for the second consecutive time, to be classified in the first position in the modalities of One Wall and International Game of the European Championship of juvenile ball. That is why, from the Town Hall of Beniarbeig, we wanted to congratulate Fani Mas for her work and at the same time grant her a trip for two persons to a Water Park.

Novelties There are two novelties coming from the publisher Dilatando Mentes. Broken Toys, by José A. Bonilla and A Better Place, by Michael Wehunt, two very different proposals. The first is a surprising adventure where young main characters coincide in the darkest London. While, A Better Place, is considered as a "rare avis" literary, stories that will make readers leave their comfort zone.

The Reading Club of the library also retakes its reading activity. This course will start the novel "Handbook For Women of Cleaning", of Lucia Berlin (1936 to 2004). It is a book published eleven years after the death of the author and has been a phenomenon of sales in the US, translated into 14 languages and including it among the ten best novels of the year. If you want to discover it, you can stop by the library to pick up a copy. The next meeting day will be Wednesday, November 15th at 18:00h.

Who are we? The Reading Club is a group of people of the town, of all ages and we like to read.

What do we do? We all took a copy of the same book, we read each one in his house and then we stayed one afternoon to talk about him. Also, if there is any film adaptation, we see it. The books we choose are usually Spanish novels of all genres.

Why? Because we give added value to the reading, moving it beyond the individual scope. In short, we take more advantage of reading, since someone has always noticed something that has escaped another and also allows us to discover books that we would never choose on our own.

When do we do it? Normally, we stay once a month, depending on the thickness of the book. We always leave a very generous time for everyone to participate, regardless of the pace of reading each.

Where? We always stay in the Beniarbeig Municipal Library.
